

ELAN[®]

YOUR WORLD MADE SIMPLE

Have you ever wondered if it was possible to control your lights, music, security system, even temperature – from across the room? Or how about from across the globe?

It all begins with a simple touch...

Imagine all your music, movies, sports and TV at your command via a sleek remote, tablet or convenient touch pad in any room. Imagine your security, climate, lighting and more all under your control from any location with your favorite mobile device. The ELAN Entertainment and Control System brings this power to you.

Personalized to fit your lifestyle, ELAN solutions range from simple media room control to whole-home entertainment and automation, even remote monitoring of vacation homes. And with its uniform look and feel, no matter which ELAN interface you touch, it will always feel like home.

HOME

Think of the things you do to get ready in the morning: turn on the lights, check the weather and traffic reports, maybe even turn on the morning news. ELAN delivers your world at a glance with a personalized dashboard for your home. Customize your screen with the things you use most such as lighting, audio, security systems, even weather forecasts. With ELAN it's all about you.

...your home at a glance.

MEDIA

What if your entertainment systems worked the same in every room and did not require a table full of remotes? Whether you prefer your tablet or the unmatched convenience of the ELAN handheld remote, access to your entertainment is simple and easy.

...it's a whole new entertainment experience.

SECURITY

Does your current security system ramp up the lights when the alarm sounds? Does it flash the exterior lights to alert the neighbors? ELAN adds this intelligence to better protect your investment and your family. Plus, it allows you to remotely arm or disarm the system and can send email alerts to your smart phone.

...peace of mind at home or away.

CLIMATE

Studies have shown that lowering a thermostat just three degrees can save up to 10% on your energy bill. With ELAN not only can you automate these adjustments, but you also gain access to detailed history views that allow you to monitor the system and make informed decisions about consumption. And if you own a vacation home, you'll love the remote access that gives you control while away.

...changing the temperature was never so cool.

LIGHTING

If part of your bedtime ritual involves going from room to room checking the lights, there is a better way. With ELAN a simple touch can quickly turn them all off, or set the perfect party mood for the entire home. Save energy by dimming lights, managing shades and creating custom schedules for landscape lighting. Plus, remote access features will ensure you always arrive to a well-lit home.

...bright ideas for the way you live.

IRRIGATION

The dials and switches used by many irrigation systems can be confusing and difficult to use. ELAN takes the guesswork out of watering your lawn and puts you in control with a simple, easy-to-read display. Conserve water by setting up personalized schedules, or give landscapers limited remote access to monitor the system and make adjustments.

...grow your green and save some blue.

INTERCOM

Answering the front door from across the house – or across the world – is as easy as answering a call. With ELAN, communicating with family members is simple and convenient using any ELAN g! touch screen interface or the g! mobile app. You can even link multiple homes using ELAN so you'll always be able to check on the kids in the other room, or Grandma across town.

...Connecting you to what really matters.

VIDEO

If a picture is worth a thousand words, then video must be priceless. Whether you're checking on a vacation home, checking on your family at home, or simply wondering who is at the front door – nothing gives you peace of mind like seeing them at your fingertips. Best of all, you can view the same live video from your home, office or anywhere in the world with your smart phone or any connected device.

...keep an eye on what's important to you.

POOL / SPA

Wouldn't it be cool if you could turn on the spa from the bedroom as you don your swimsuit? ELAN also lets you conserve energy with scheduling of pumps, water features and lighting, even controlling automated covers. Monitor pool health, receive customized alerts and even control the system from your smart phone.

...take control of your backyard paradise.

PHOTOS

Are your photos trapped in your phone, camera or computer? Unlock those memories by turning every touchscreen and TV into a digital picture frame. Share slideshows directly to your home theater screen.

...all of your memories at your fingertips.

NOW THAT YOU KNOW **WHAT** YOU CAN DO...
HERE IS **HOW** YOU CAN DO IT.

fits anywhere

ENTERTAINMENT CONTROL

You may actually fall in love with this sleek, powerful and easy to use remote. But wait . . . it's more than just a remote. Not only can you surf the channels, but you can also control your lighting, climate and security from the comfort of your chair or anywhere in the house. Even browse for music to create your sonic soundscape.

...entertainment & housewide control.

ON THE GO... MOBILITY THAT FOLLOWS YOU

Your lifestyle moves with you and so does ELAN. You are always just a touch away from home with popular devices including iPhone®, iPad®, or Android phones and tablets. Whether you are high on a mountaintop or at the park with the kids, you can check the temperature at the house or just make sure everything is secure. And it's also a great way to keep tabs on your vacation home.

Your **iPhone** or **Android Phone**

...use your favorite mobile device or computer.

ALWAYS THERE...TOUCH CONTROLS FOR THE WAY YOU LIVE AT HOME

Sometimes you need controls to be in the same place every time. That's what ELAN in-wall controls do for you. Busy places such as the kitchen and living room are ideal for in-wall touch screens or keypads.

THE BRAINS BEHIND IT

There is plenty of magic that comes from the heart of the system. With ELAN's automation and control capabilities can be scaled to your house regardless its of size.

...making magic in your home.

AUDIO NEVER SOUNDED THIS GOOD

You will be hard-pressed to get the kind of audio quality from other systems. This multi-source, multi-zone amplifier/controller paired with high performance speakers will take you to another level of appreciation for sound. In fact, we know once you have experienced it, you will know for sure you are in a different league.

...when you hear it, you will believe.

LIGHTING OPTIONS TAILORED TO YOU

ELAN lighting will illuminate the possibilities and create conveniences that make living in your home a real pleasure. Begin with a small project that can be retrofitted or fill a large house with lighting radiance. Use ELAN Lighting, or virtually any major lighting brand including Lutron®, Vantage®, CentraLite® – just to name a few.

KEYPAD CONTROLLERS AND DIMMERS

...from simple to sophisticated lighting options.

Peace of mind for homeowners world-wide.

Since 1989, ELAN has been dedicated to simplifying the connected home. Our award-winning entertainment and control systems seamlessly combine music, TV, climate, lighting and other home systems with an easy-to-use interface that puts you in control – from anywhere in the house or anywhere in the world. Now delivering products in over 50 countries through a network of hundreds of independent installation companies, ELAN is creating peace of mind for homeowners world-wide.
